Guidelines to Credit Transfer between NCHU and Foreign Higher Educational Institutions for Exchange Students

To facilitate students in participating academic exchange between NCHU and foreign educational institutions, guidelines for transferring course credits between NCHU and different credit systems are as followed:

1. One-credit at NCHU is defined as 1 lecture hour per week and at least for 18 hours in total per semester.
2. NCHU credit system is equivalent to that of the United States, Japan, and China.
3. 1 NCHU credit = 2 ECTS credits in general (European Credit Transfer and Accumulation System)

The transfer ratios are principally applicable. The final credit recognition is subject to the discretion of the offices in charge. This message has been made based on the relevant clauses of the The NCHU Regulation for Credit Exemption.
