Testimonials

Metin Tülümen (Turkey)

I did an Erasmus+ exchange term at Clausthal University of Technology and I decided to return to Clausthal to do my Master's degree here, because I was impressed by the study conditions. I really enjoy studying in the cosy little university town Clausthal.

Nerea Bizarro (Spain)

I came to Clausthal for the first time as an IAESTE intern. I liked the university so much that I decided to return to Clausthal to finish my Bachelor's Degree here.

Arun Thomas (India)

I came first for an internship, and during this time I was so impressed by this university, that I decided to continue my higher studies here. The advantage that I see in studying here is that TU Clausthal offers very good facilities for students, that will equip them for a good career.

Glück Auf! and looking forward to welcoming you in Clausthal!
